

## ESCP MILAN 2016 - OUR 11TH MEETING

MiCo Congress Centre, Milan, 28-30 September 2016

We are delighted to invite you to our 11th Scientific Meeting in Milan. As usual, we have a full and fascinating programme, with outstanding keynote lectures, symposia, video surgery and research sessions. Our educational programme continues to go from strength to strength and includes, for a second year, two pre-congress hands-on courses.

As many will be aware, it was with great regret that, in the current climate, we decided not to proceed with Istanbul as our venue, and we thank our Turkish colleagues for their understanding.

Download the Second Announcement here (</images/conferences/2016-Milan/documents/ESCP-Milan-2016-2nd-Announcement.pdf>) • Register and book your accommodation here (</conference-and-events/escp-2016/registration-and-fees>)

## Meeting Overview

### Pre-Congress Placements 2016

We regret that this year's 2-day placements will not be available due to local constraints, however please be assured that they will be back for ESCP Berlin next year (27-29 September 2017)!
