

Invitation

til indvielse af Regionalt Excellence Centre
Centre for Clinical Implementation of Capsule Endoscopy
på OUH, Odense Universitetshospital

Forskningsenheden på Kirurgisk Afdeling A, OUH Svendborg er tildelt titlen "Excellence Center" under Region Syddanmark til oprettelsen af Centre for Clinical Implementation of Capsule Endoscopy (CICA).

Formålet med CICA er, at skabe evidens for implementeringen af kapselendoskopi (kamerapiller) til tarmundersøgelser på de syddanske sygehuse og i almen praksis. Igennem forskning og teknologisk udvikling vil vi bidrage til morgendagens sundhedsvæsen for en bedre og mere patientvenlig diagnostik bl.a. ved brugen af kunstig intelligens.

I forbindelse med udnævnelsen til excellence center vil vi gerne invitere til indvielsessymposium

Torsdag den 16. januar 2020 13.00-17.00,
Auditorie 1 & 2, Klørvænget 6, indgang 93

hvor vi bl.a. vil præsentere centeret og tage jer med på en tur gennem tarmen.

Venlig hilsen

Kim Brixen

Lægelig direktør
