To Whom It May Concern:

Re: Dr Tobias Hinse, PhD supervisor for Dr Jeremy Wood

I am writing to confirm that Dr Tobias Hinse acted as an external supervisor for the University of Southern Queensland's doctoral student Jeremy Wood whilst serving as an Adjunct Professor at USQ. He served in this supervisory role from the start of 2015 until Dr Wood completed his studies and was conferred his doctorate, in mid-2018. Dr Hinse's contribution to Dr Wood's studies was invaluable, and I hope to work with Dr Hinse on doctoral supervision again in the years to come.

Yours sincerely

A handwritten signature in purple ink that reads 'J Horner'.
