Methods, materials and tools

In my teaching, I have utilized a range of teaching methods and materials including:

- Powerpoint, Keynote and Prezi for lecturing
- Various online collaboration tools for student group work and supervision such as Trello (project management), mind- mapping tools, Padlet, Google Docs, etc.
- Using YouTube and other social media in physical education teaching

Video feedback in physical education teaching

- Online teaching through Zoom

I have developed a template in Trello for group supervision. The template supports the students in managing their projects and enables easy sharing of documents as well as communication. The template, as well as a conference poster, can be found here: <https://portal.findresearcher.sdu.dk/da/publications/visual-og-webbaseret-understottelse-af-bachelorvejledning>

Educational development and applied research into teaching at university, including educational awards

2018: Course planner, leader and teacher on the PhD course: Cultural analysis in the health sciences, Faculty of Health Sciences, SDU.
