## Curriculum

### Education

Cand. Scient. (M.Sc., Biology-Chemistry), Odense University (February 1982).

Dr. Scient. (D.Sc.), Odense University (October 1988).

### Positions

1982-1983: Adjunct, Sønderborg Statsskole. 1983-1987: Candidate and Senior Stipend, Institute of Biology, Odense University. 1987-1991: Assistant Professor, Institute of Biology, Odense University. 1991-2017: Associate Professor, Institute of Biology, Odense University (now University of Southern Denmark). 2018: Associate Professor emeritus, Institute of Biology, University of Southern Denmark. 1996-1998: Head of the Department (Institute Leader), Institute of Biology, Odense.

**Visiting scientist:** Department of Zoology, Helsinki University, Finland (1984, 1990); Department of Physiology, Max-Planck-Institute for Experimental Medicine, Göttingen, Germany (1986, 1988); Kristineberg Marine Research Station, Sweden (1993, 2001, 2008); Department of Zoology, University of British Columbia, Vancouver, Canada (1996); School of Biosciences, University of Birmingham, UK (2000); Department of Biological Sciences, University of Naples Federico II, Napoli, Italy (2005); School of Biological Sciences, University of Liverpool, UK (2008); Department of Biology, Turku University, Finland (2008); Department of Cell Biology, University of Calabria, Cosenza, Italy (2010).

### Referee work and external committees

Referee for 40 different scientific journals and reviewer of grant proposals to Norwegian Research Council, Natural Environment Research Council UK, Biotechnology and Biological Sciences Research Council UK.

Member of several committees evaluating doctoral dissertations and/or applications for academic positions at universities in Denmark and abroad.

Member of the National Bibliometrics Research Indicator for Biology (January 2008 → December 2013).

Member of FNU, The Danish Natural Science Research Council (January 2011 → December 2014).

### Teaching and supervision

Have taught courses on Physiological Adaptation to Environmental Stress, Ecological Physiology, General Physiology/Zoophysiology, Biology Experiments - Communicating Biology, Knowledge in Laboratory Animal Science, Biological Oceanography, Projects in Natural Science, Fish Ecophysiology, Acid Base Regulation, Biology of Oxygen Depletion, and 1-year course in Chemistry, Biology and Molecular Biology.

Supervised 7 postdocs, 6 Ph.D. projects, 37 M.Sc. (cand. scient.) projects, 35 B.Sc. (bachelor) projects and 18 further experimental student projects.

### Administration (selected examples)

Member of various university study councils (1989-1992, 1994), member of the Ph.D. committee at Institute of Biology (Odense) 1991-2017, member of the Biology Institute Council 1993-1999, Institute leader 1996-1998.

### Other selected activities

Organizer/co-organizer of nine international scientific meetings and workshops. Member of the Society for Experimental Biology, American Physiological Society, Scandinavian Physiological Society, European Society for Comparative Physiology and Biochemistry and Danish Academy of Natural Science.

### Publications

Author/co-author of 117 peer-reviewed articles/chapters in international scientific journals and books, and editor of one book on "Fish Ecophysiology". Over 100 abstracts from lectures and poster presentations given at various scientific meetings.
