Publications

- Socioeconomic status moderates the effect of physical education on overweight and obesity in children: a quasi-experimental trial**
Lund, M. M., Hebert, J. J., Klakk, H., Larsen, L. R. & Wedderkopp, N., 10. Jan 2025, In: *European Journal of Pediatrics*. 184, 1, p. 124 1 p.
- Worldwide trends in diabetes prevalence and treatment from 1990 to 2022: a pooled analysis of 1108 population-representative studies with 141 million participants**
NCD Risk Factor Collaboration (NCD-RisC), Wedderkopp, N. (Member of author group), Grøntved, A. (Member of author group), Egebæk, H. K. (Member of author group), Kristensen, P. L. (Member of author group), Møller, N. C. (Member of author group), Ottendahl, C. B. (Member of author group), Tolstrup, J. (Member of author group) & Ezzati, M. (Member of author group), 23. Nov 2024, In: *The Lancet*. 404, 10467, p. 2077-2093
- Occupational and health-related risk factors for incident and recurrent back disorders in Danish fishers – a register-based study**
Remmen, L. N., Halekoh, U., Christiansen, D. H., Herttua, K., Klakk, H. & Berg-Beckhoff, G., 1. Sept 2024, In: *Journal of Occupational and Environmental Medicine*. 66, 9, p. 772-778
- Association between patient activation level and functional outcomes in older adults with hip fractures**
Pedersen, L. T., Ipsen, J. A., Bruun, I. H., Egebæk, H. K., Andersen, P. T. & Viberg, B., Sept 2024, In: *Archives of Gerontology and Geriatrics*. 124, 9 p., 105472.
- General and abdominal adiposity and hypertension in eight world regions: a pooled analysis of 837 population-based studies with 7.5 million participants**
NCD Risk Factor Collaboration (NCD-RisC), Bjerregaard, P. (Member of author group), Eriksen, L. (Member of author group), Grøntved, A. (Member of author group), Klakk, H. (Member of author group), Kristensen, P. L. (Member of author group), Møller, N. C. (Member of author group), Ottendahl, C. B. (Member of author group), Schramm, S. (Member of author group), Sodemann, M. (Member of author group), Tarp, J. (Member of author group), Tolstrup, J. S. (Member of author group), Wedderkopp, N. (Member of author group) & Ezzati, M., 31. Aug 2024, In: *The Lancet*. 404, 10455, p. 851-863
- Impact of a nationwide school policy on body mass index in Danish school children: An interrupted time series analysis**
Pedersen, N. H., Grøntved, A., Møller, N. C., Debrabant, B., Larsen, K. T., Brønd, J. C., Troelsen, J., Brage, S., Hjelmborg, J. V. B., Wedderkopp, N., Christiansen, L. B., Mortensen, S. R., Egebæk, H. K., Toftager, M., Heidemann, M. & Kristensen, P. L., Jun 2024, In: *Public Health in Practice*. 7, 7 p., 100510.
- From fear to control: Older adults' thoughts and feelings about empowerment-oriented rehabilitation after a hip fracture**
Tobiesen Pedersen, L., Ipsen, J. A., Egebæk, H. K., Bruun, I. H., Viberg, B. & Andersen, P. T., May 2024, In: *International Journal of Orthopaedic and Trauma Nursing*. 53, 7 p., 101061.
- Interventions, methods and outcome measures used in teaching evidence-based practice to healthcare students: an overview of systematic reviews**
Nielsen, L. D., Løwe, M. M., Mansilla, F., Jørgensen, R. B., Ramachandran, A., Noe, B. B. & Egebæk, H. K., 19. Mar 2024, In: *BMC Medical Education*. 24, 19 p., 306.
- Worldwide trends in underweight and obesity from 1990 to 2022: a pooled analysis of 3663 population-representative studies with 222 million children, adolescents, and adults**
NCD Risk Factor Collaboration (NCD-RisC), Jørgensen, M. B. (Member of author group), Bjerregaard, P. (Member of author group), Christensen, K. (Member of author group), Eriksen, L. (Member of author group), Grøntved, A. (Member of author group), Lassen, T. H. (Member of author group), Egebæk, H. K. (Member of author group), Kristensen, P. L. (Member of author group), Møller, N. C. (Member of author group), Ottendahl, C. B. (Member of author group), Schramm, S. (Member of author group), Sodemann, M. (Member of author group), Tolstrup, J. (Member of author group), Wedderkopp, N. (Member of author group) & Ezzati, M., 16. Mar 2024, In: *The Lancet*. 403, 10431, p. 1027-1050 24 p.
- Teaching evidence-based practice to undergraduate healthcare students Educators' knowledge, skills, attitudes, current practice, perceived barriers, and facilitators: A Danish cross-sectional study
Nielsen, L. D., Castano, F. M., Jørgensen, R. B., Ramachandran, A., Egebæk, H. K. & Noe, B. B., Feb 2024, In: *Nurse Education Today*. 133, 8 p., 106082.

11. **Same, Same but Different: Comparing Program Fidelity at Early Versus Late Adopters of a Successful Long-Term School-Based Physical Activity Intervention**
Nielsen, J. V., Smedegaard, S., Klakk, H. & Skovgaard, T., Nov 2023, In: Health Promotion Practice. 24, 6, p. 1237-1245
12. **Do young people perceive their smartphone addiction as problematic? A study in Danish university college students**
Frydenlund, G., Guldager, J. D., Frederiksen, K. O. & Egebæk, H. K., Oct 2023, In: Heliyon. 9, 10, 10 p., e20368.
13. **Recreational screen time trajectories during early childhood and imaging-measured body composition at age 7 in the Odense child cohort**
Rietz, M., Schmidt-Persson, J., Rasmussen, M. G. B., Egebaek, H. K., Wedderkopp, N., Kristensen, P. L. & Grøntved, A., Jul 2023, In: Paediatric and Perinatal Epidemiology. 37, 5, p. 415-424
14. **Occupational and Physiotherapy modalities used to support interdisciplinary rehabilitation after concussion: A Scoping Review**
Nabsen Marwaa, M., Klakk Egebæk, H. & Dalgaard Guldager, J., 25. May 2023, In: Journal of Rehabilitation Medicine. 55, 15 p., jrm4512.
15. **Author Correction: The association between childhood motor performance and developmental trajectories of sport participation over 5 years in Danish students aged 6–16-year-old (Scientific Reports, (2023), 13, 1, (4133), 10.1038/s41598-023-31344-x)**
Lykkegaard, C. R., Andersen, H. S., Wehberg, S., Holden, S., Waldorff, F. B., Søndergaard, J., Larsen, L. R., Klakk, H. & Wedderkopp, N., 9. May 2023, In: Scientific Reports. 13, 1 p., 7536.
16. **Parental recreational screen media practices and behavioral difficulties among Danish 7-year-old children**
Mortensen, S. R., Schmidt-Persson, J., Olesen, L. G., Egebæk, H. K., Boye, H., Bilenberg, N. & Grøntved, A., Apr 2023, In: Academic Pediatrics. 23, 3, p. 667-674
17. **Blinded Interpretation of The Primary Endpoint Results From The Study: "An Individualised Treatment versus a Minimal Home-Based Exercise Program in Women with Late-Term Shoulder Impairments after Primary Breast Cancer Surgery: A Randomised Controlled"**
Feder, K. M., Lautrup, M., Rahr, H. B., Egebæk, H. K. & Ingwersen, K. G., 16. Mar 2023, 10 p.
18. **The association between childhood motor performance and developmental trajectories of sport participation over 5 years in Danish students aged 6–16-year-old**
Lykkegaard, C. R., Andersen, H. S., Wehberg, S., Holden, S., Waldorff, F. B., Søndergaard, J., Larsen, L. R., Klakk, H. & Wedderkopp, N., 13. Mar 2023, In: Scientific Reports. 13, 11 p., 4133.
19. **The risk of an incident hospital contact with a musculoskeletal disorder in Danish occupational fishers: a register-based study**
Remmen, L. N., Christiansen, D. H., Herttua, K., Klakk, H. & Berg-Beckhoff, G., 6. Mar 2023, In: BMC Musculoskeletal Disorders. 24, 1, 10 p., 168.
20. **The Metabolic Syndrome is frequent in Children and Adolescents with Type 1 Diabetes Compared to Healthy Controls**
Mørk, F. B., Madsen, J. O. B., Pilgaard, K. A., Jensen, A. K., Klakk, H., Tarp, J., Bugge, A., Heidemann, M., Hall, G. V., Pociot, F., Wedderkopp, N. & Johannesen, J., Nov 2022, In: Pediatric Diabetes. 23, 7, p. 1064-1072
21. **Effectiveness of an expert assessment and individualised treatment compared with a minimal home-based exercise program in women with late-term shoulder impairments after primary breast cancer surgery: study protocol for a randomised controlled trial**
Feder, K. M., Rahr, H. B., Lautrup, M. D., Egebæk, H. K., Christensen, R. & Ingwersen, K. G., 20. Aug 2022, In: Trials. 23, 701.
22. **Digital Health Literacy and Information-Seeking Behavior among University College Students during the COVID-19 Pandemic: A Cross-Sectional Study from Denmark**
Bak, C. K., Krammer, J. Ø., Dadaczynski, K., Orkan, O., von Seelen, J., Prinds, C., Søjbjerg, L. M. & Klakk, H., 19. Mar 2022, In: International Journal of Environmental Research and Public Health. 19, 6, 3676.
23. **Criterion validity of a research-based application for tracking screen time on android and iOS smartphones and tablets**
Kristensen, P. L., Olesen, L. G., Egebæk, H. K., Pedersen, J., Rasmussen, M. G. & Grøntved, A., Mar 2022, In: Computers in Human Behavior Reports. 5, 8 p., 100164.
24. **Recreational screen media use in Danish school-aged children and the role of parental education, family structures, and household screen media rules**
Pedersen, J., Rasmussen, M. G., Olesen, L. G., Klakk, H., Kristensen, P. L. & Grøntved, A., Feb 2022, In: Preventive Medicine. 155, 7 p., 106908.
25. **Vigorous physical activity is important in maintaining a favourable health trajectory in active children: the CHAMPS Study-DK**
Sénéchal, M., Hebert, J. J., Fairchild, T. J., Møller, N. C., Klakk, H. & Wedderkopp, N., 28. Sept 2021, In: Scientific Reports. 11, 19211.
26. **Recreational screen media use in school-aged children and the role of parental education, family structures, and household screen media rules**
Pedersen, J., Rasmussen, M., Olesen, L. G., Klakk, H., Kristensen, P. L. & Grøntved, A., Aug 2021.

27. **Let us up our game and make conference participation enrich our clinical skill set**
Kotila, K., Bandholm, T., Rathleff, M. S., Jacobsen, J. S., Klakk, H. & Thorborg, K., 1. Dec 2020, In: British Journal of Sports Medicine. 54, 23, p. 1375-1381
28. **Developmental Trajectories of Body Mass Index, Waist Circumference, and Aerobic Fitness in Youth: Implications for Physical Activity Guideline Recommendations (CHAMPS Study-DK)**
Hébert, J. J., Sénéchal, M., Fairchild, T., Møller, N. C., Klakk, H. & Wedderkopp, N., Dec 2020, In: Sports Medicine. 50, 12, p. 2253-2261
29. **More Walk and Less Talk: Changing gender bias in sports medicine**
Thorborg, K., Krohn, L., Bandholm, T., Jacobsen, J. S., Rathleff, M. S., Klakk, H. & Kotila, K., Dec 2020, In: British Journal of Sports Medicine. 54, 23, p. 1380-1381
30. **Height and body-mass index trajectories of school-aged children and adolescents from 1985 to 2019 in 200 countries and territories: a pooled analysis of 2181 population-based studies with 65 million participants**
Rodriguez-Martinez, A., Zhou, B., Sophiea, M. K., Bentham, J., Paciorek, C. J., Iurilli, M. L., Carrillo-Larco, R. M., Bennett, J. E., Di Cesare, M., Taddei, C., Bixby, H., Stevens, G. A., Riley, L. M., Cowan, M. J., Savin, S., Danaei, G., Chirita-Emandi, A., Kengne, A. P., Khang, Y. H. & Laxmaiah, A. & 30 others, Malekzadeh, R., Miranda, J. J., Moon, J. S., Popovic, S. R., NCD Risk Factor Collaboration (NCD-RisC), Sørensen, T. I. (Member of author group), Andersen, L. B. (Member of author group), Bæksgaard Jørgensen, M. (Member of author group), Bjerregaard, P. (Member of author group), Bugge, A. (Member of author group), Christensen, K. (Member of author group), Ekelund, U. (Member of author group), Eliassen, M. (Member of author group), Eriksen, L. (Member of author group), Fattahi, M. R. (Member of author group), Grøntved, A. (Member of author group), Kaducu, F. O. (Member of author group), Klakk, H. (Member of author group), Kolle, E. (Member of author group), Kristensen, P. L. (Member of author group), Møller, N. C. (Member of author group), Osler, M. (Member of author group), Rasmussen, M. (Member of author group), Schramm, S. (Member of author group), Sodemann, M. (Member of author group), Tarp, J. (Member of author group), Thuesen, B. H. (Member of author group), Tolstrup, J. S. (Member of author group), Wang, Q. (Member of author group) & Wedderkopp, N. (Member of author group), 7. Nov 2020, In: The Lancet. 396, 10261, p. 1511-1524
31. **Vigorous Physical Activity Is Protective Against Unfavorably Health Trajectory In Active Children**
Senechal, M., Hebert, J., Fairchild, T. J., Moller, N. C., Klakk, H. & Wedderkopp, N., 1. Jul 2020, In: Medicine and Science in Sports and Exercise. 52, 7S, p. 195-196
32. **The development of a questionnaire to assess leisure time screen-based media use and its proximal correlates in children (SCREENS-Q)**
Klakk, H., Wester, C. T., Olesen, L. G., Rasmussen, M. G., Kristensen, P. L., Pedersen, J. & Grøntved, A., 12. May 2020, In: BMC Public Health. 20, 12 p., 664.
33. **Short-term efficacy of reducing screen media use on physical activity, sleep, and physiological stress in families with children aged 4-14: Study protocol for the SCREENS randomized controlled trial**
Rasmussen, M. G. B., Pedersen, J., Olesen, L. G., Brage, S., Klakk, H., Kristensen, P. L., Brønd, J. C. & Grøntved, A., 23. Mar 2020, In: BMC Public Health. 20, 18 p., 380.
34. **Three times as much physical education reduced the risk of children being overweight or obese after 5 years**
Kühr, P., Antunes Lima, R., Grøntved, A., Wedderkopp, N. & Klakk, H., Mar 2020, In: Acta Paediatrica. 109, 3, p. 595-601
35. **Sportsdeltagelse fra barndom til ungdom - sammenhæng med rygskeer**
Junge, T., Hebert, J. J., Boyle, E., Kjaer, P., Rexen, C., Klakk, H., Franz, C., Larsen, L. R. & Wedderkopp, N., 2020, In: Børn i Fysioterapi. p. 8
36. **Trajectories of sport participation and the association with spinal injuries - from childhood to adolescence**
Junge, T., Hebert, J. J., Boyle, E., Kjaer, P., Rexen, C., Klakk, H., Franz, C., Larsen, L. R. & Wedderkopp, N., 2020.
37. **Childhood motor performance is increased by participation in organized sport: the CHAMPS Study-DK**
Vallance, A.-M., Hebert, J., Jespersen, E., Klakk, H., Rexen, C. & Wedderkopp, N., 12. Dec 2019, In: Scientific Reports. 9, 8 p., 18920.
38. **'Are women grateful to be here or do women kick ass?' #Sportskongres2020**
Kotila, K., Thorborg, K., Bandholm, T., Rathleff, M. S., Klakk, H. & Juhl, C. B., 1. Dec 2019, In: British Journal of Sports Medicine. 53, 23, p. 1441-1442
39. **Spinal pain is prospectively associated with cardiovascular risk factors in girls but not boys (CHAMPS study-DK)**
Hebert, J. J., Klakk, H., Franz, C., Sénéchal, M., Manson, N. & Wedderkopp, N., Nov 2019, In: European Spine Journal. 28, 11, p. 2452-2461
40. **Implementation of a successful long-term school based physical education intervention: exploring provider and programme characteristics**
Nielsen, J. V., Bredahl, T. V. G., Klakk, H., Bugge, A. & Skovgaard, T., 1. Oct 2019, In: Evaluation and Program Planning. 76, 10 p., 101674.
41. **Physical education and leisure-time sport reduce overweight and obesity: a number needed to treat analysis**
Learmonth, Y. C., Hebert, J. J., Fairchild, T. J., Møller, N. C., Klakk, H. & Wedderkopp, N., Oct 2019, In: International Journal of Obesity. 43, 10, p. 2076-2084

42. **Muscle Fitness Changes During Childhood Associates With Improvements in Cardiometabolic Risk Factors: A Prospective Study**
Tarp, J., Bugge, A., Møller, N. C., Klakk, H., Rexen, C. T., Grøntved, A. & Wedderkopp, N., Feb 2019, In: Journal of Physical Activity & Health. 16, 2, p. 108-115
43. **Scandinavian sports medicine congress with high impact**
Kotila, K., Bandholm, T., Thorborg, K., Juhl, C. B., Møller, M. & Klakk, H., 1. Nov 2018, In: British Journal of Sports Medicine. 52, 22, p. 1405-1406
44. **Be aware of the consequences of cutting your cut-point when analysing sedentary behaviour and physical activity in youth.**
Altenburg, T., Wang, X., van Ekris, E., Andersen, L.-B., Klakk, H., Møller, N. C., Wedderkopp, N. & Paw, M. C. A., 1. Oct 2018, In: Journal of Physical Activity & Health. 15, Suppl. 1, p. S19
45. **Implementation of triple the time spent on physical education in pre-school to 6th grade: A qualitative study from the programme managers' perspective**
Nielsen, J. V., Klakk, H., Bugge, A., Andreasen, M. L. & Skovgaard, T., Oct 2018, In: Evaluation and Program Planning. 70, p. 51-60
46. **Total volume versus bouts: prospective relationship of physical activity and sedentary time with cardiometabolic risk in children**
Chinapaw, M., Klakk, H., Møller, N. C., Andersen, L. B., Altenburg, T. & Wedderkopp, N., Oct 2018, In: International Journal of Obesity. 42, 10, p. 1733-1742
47. **Using the RE-AIM framework to evaluate a school-based municipal programme tripling time spent on PE**
Nielsen, J. V., Skovgaard, T., Bredahl, T. V. G., Bugge, A., Wedderkopp, N. & Klakk, H., Oct 2018, In: Evaluation and Program Planning. 70, p. 1-11
48. **Symptoms of depression in young adulthood is associated with unfavorable clinical- and behavioral cardiovascular disease risk factors**
Klakk, H., Kristensen, P. L., Andersen, L. B., Froberg, K., Møller, N. C. & Grøntved, A., Sept 2018, In: Preventive Medicine Reports. 11, p. 209-215
49. **Insulin sensitivity is reduced in children with high body-fat regardless of BMI**
Fairchild, T. J., Klakk, H., Heidemann, M., Grøntved, A. & Wedderkopp, N., Jun 2018, In: International Journal of Obesity. 42, 5, p. 985-994
50. **Long-term follow-up on biological risk factors, adiposity, and cardiorespiratory fitness development in a physical education intervention: a natural experiment (CHAMPS-study DK)**
Tarp, J., Jespersen, E., Møller, N. C., Klakk, H., Wessner, B., Wedderkopp, N. & Bugge, A., 9. May 2018, In: BMC Public Health. 18, 14 p., 605.
51. **SCREENS: - forskning i børns skærmtid og sundhed**
Klakk, H., Grøntved, A., Olesen, L. G. & Rasmussen, M. G., 21. Apr 2018.
52. **Influence of a 2- to 6-year physical education intervention on scholastic performance: The CHAMPS study-DK**
Bugge, A., Møller, S., Tarp, J., Hillman, C. H., Lima, R. A., Gejl, A. K., Klakk, H. & Wedderkopp, N., Jan 2018, In: Scandinavian Journal of Medicine & Science in Sports. 28, 1, p. 228-236
53. **The Prospective Association of Organized Sports Participation With Cardiovascular Disease Risk in Children (the CHAMPS Study-DK)**
Hebert, J. J., Klakk, H., Møller, N. C., Grøntved, A., Andersen, L. B. & Wedderkopp, N., Jan 2017, In: Mayo Clinic Proceedings. 92, 1, p. 57-65
54. **Exploring the Relationship between Adiposity and Fitness in Young Children**
Fairchild, T. J., Klakk, H., Heidemann, M. S., Andersen, L. B. & Wedderkopp, N., Sept 2016, In: Medicine and Science in Sports and Exercise. 48, 9, p. 1708-1714
55. **Effects of extra school-based physical education on overall physical fitness development: The CHAMPS study DK**
Rexen, C. T., Ersbøll, A. K., Møller, N. C., Klakk, H., Wedderkopp, N. & Andersen, L. B., Oct 2015, In: Scandinavian Journal of Medicine & Science in Sports. 25, 5, p. 706-715
56. **Two Danish School-based Physical Activity Interventions Studies**
Bugge, A., Klakk, H., Wedderkopp, N. & Andersen, L. B., 26. Jun 2015.
57. **The Influence of Anthropometry and Body Composition on Children's Bone Health: The Childhood Health, Activity and Motor Performance School (The CHAMPS) Study, Denmark**
Heidemann, M., Holst, R., Schou, A. J., Klakk, H., Husby, S., Wedderkopp, N. & Mølgaard, C., 2015, In: Calcified Tissue International. 96, 2, p. 97-104
58. **Overuse and traumatic extremity injuries in schoolchildren surveyed with weekly text messages over 2.5 years**
Jespersen, E., Holst, R., Franz, C., Rexen, C. T., Klakk, H. & Wedderkopp, N., Oct 2014, In: Scandinavian Journal of Medicine & Science in Sports. 24, 5, p. 807-813 7 p.
59. **Do extra compulsory physical education lessons mean more physically active children - findings from the childhood health, activity, and motor performance school study Denmark (The CHAMPS-study DK)**
Møller, N., Tarp, J., Kamelarczyk, E., Brønd, J., Klakk, H. & Wedderkopp, N., 24. Sept 2014, In: International Journal of Behavioral Nutrition and Physical Activity. 11, 1, p. 1-13 121.

60. **Prospective association of adiposity and cardiorespiratory fitness with cardiovascular risk factors in healthy children**
Klakk, H., Grøntved, A., Møller, N. C., Heidemann, M., Wedderkopp, N. & Andersen, L. B., Aug 2014, In: Scandinavian Journal of Medicine & Science in Sports. 24, 4, p. e275–e282 8 p.
61. **Six physical education lessons a week can reduce cardiovascular risk in school children aged 6-13 years: A longitudinal study**
Klakk, H., Andersen, L. B., Heidemann, M. S., Møller, N. C. & Wedderkopp, N., 2014, In: Scandinavian Journal of Public Health. 42, 2, p. 128-136
62. **Total body fat percentage and body mass index and the association with lower extremity injuries in children: a 2.5-year longitudinal study**
Jespersen, E., Verhagen, E., Holst, R., Klakk, H., Heidemann, M., Rexen, C., Franz, C. & Wedderkopp, N., 2014, In: British Journal of Sports Medicine. 48, 20, p. 1497-1502
63. **Body Composition and Cardiovascular Health in School-aged Children: The Childhood Health, Activity and Motor Performance School Study Denmark, An evaluation on the health effect of sports schools in the Svendborg Project**
Klakk, H., 9. Dec 2013, Odense: Syddansk Universitet, Institut for Idræt og Biomekanik. 160 p.
64. **Effect of four additional physical education lessons on body composition in children aged 8-13 years - a prospective study during two school years**
Klakk, H., Chinapaw, M., Heidemann, M., Andersen, L. B. & Wedderkopp, N., 17. Oct 2013, In: BMC Pediatrics. 13, 170.
65. **The intensity of physical activity influences bone mineral accrual in childhood: the childhood health, activity and motor performance school (the CHAMPS) study, Denmark**
Heidemann, M., Mølgaard, C., Husby, S., Schou, A. J., Klakk, H., Møller, N. C., Holst, R. & Wedderkopp, N., 2. Mar 2013, In: BMC Pediatrics. 13, p. 32 9 p., 32.
66. **Physical activity across different settings in children attending normal schools and sports schools with extra compulsory physical education lessons: Preliminary findings from the CHAMPS-study DK**
Møller, N. C., Kamelarczyk, E., Klakk, H. & Wedderkopp, N., 2012.
67. **Study protocol. The Childhood Health, Activity, and Motor Performance School Study Denmark (The CHAMPS-study DK)**
Wedderkopp, N., Jespersen, E., Franz, C., Klakk, H., Heidemann, M., Christiansen, C., Møller, N. C. & Leboeuf-Yde, C., 2012, In: BMC Pediatrics. 12, p. 128
68. **Elevated body fat percentage and BMI - a predictor of overuse injuries in children? Preliminary results from The Childhood Health, Activity and Motor Performance School Study - A 3-year prospective cohort study**
Jespersen, E., Klakk, H., Heidemann, M. S., Christiansen, C., Franz, C., Møller, N. C., Froberg, K. & Wedderkopp, N., 21. Sept 2011.
69. **More PE at school - does it alter Physical Health? The Childhood Health, Activity and Motor Performance School Study – A 3-year prospective cohort study: preliminary results**
Klakk, H., Møller, N. C., Jespersen, E., Christiansen, C., Franz, C., Heidemann, M. S. & Wedderkopp, N., 21. Sept 2011.
70. **Overweighth - a risk factor for overuse injuries in children**
Klakk, H., Jespersen, E., Christiansen, C., Franz, C., Heidemann, M. S., Møller, N. C. & Wedderkopp, N., 6. Apr 2011.
71. **Generalised joint hypermobility and its relation to sports and leisure-time related injuries in school children 6-12 years: the Svendborg project**
Jespersen, E., Junge, T., Juul-Kristensen, B., Franz, C., Christiansen, C., Klakk, H. & Wedderkopp, N., Feb 2011.
72. **Sammenhængen mellem hypermobilitet og idræts- og fritidsskader blandt 6-12 årige børn.**
Jespersen, E., Junge, T., Juul-Kristensen, B., Franz, C., Christiansen, C., Klakk, H. & Wedderkopp, N., 2011.
73. **Sammenhængen mellem hypermobilitet og idræts- og fritidsskader blandt 6-12 årige børn. Præliminære resultater fra Svendborgprojektet.**
Junge, T., Christensen, H. K., Jespersen, E., Juul-Kristensen, B., Franz, C., Christiansen, C. & Wedderkopp, N., 2011.
74. **Sport Schools compared to Normal Schools – Impact on Physical Health? The Childhood Health, Activity and Motor Performance School Study – A 3-year prospective cohort study: preliminary results**
Klakk, H., Møller, N. C., Jespersen, E., Christiansen, C., Franz, C., Heidemann, M. S. & Wedderkopp, N., 2011.
75. **The effect of extra PE lessons on children's levels of cardiorespiratory fitness and physical activity –A prospectivecohort study comparing sport schools tonormal schools: preliminary results**
Møller, N. C., Klakk, H., Karmelarczyk, E. & Wedderkopp, N., 2011.
76. **The effect of increased physical activity on present and future health in children and adolescents: A 3-year controlled intervention study in public schools in the municipality of Svendborg, Denmark**
Jespersen, E., Franz, C., Klakk, H., Christiansen, C., Heidemann, M. S., Møller, N. C. & Wedderkopp, N., 29. Oct 2010.
77. **Fitness and physical activity level of children with normalweight but high fat percent–acrosssectional study**
Klakk, H. & Wedderkopp, N., 14. Sept 2010.
