

CURRICULUM VITAE

Maiken Skovrider Aaskoven
Assistant Professor, PhD in Health Economics, MSc in Economics
DaCHE – Danish Centre for Health Economics, Department of Public Health
Campusvej 55, Building 45.1, Level 2, 5230 Odense M, Denmark
Tel.: +45 6550 4143
Email: maaskoven@health.sdu.dk

Work Experience

2022- Assistant Professor, DaCHE, Department of Public Health, University of Southern Denmark
2022 Postdoc, DaCHE, Department of Public Health, University of Southern Denmark
2021 Research Assistant, DaCHE, Department of Public Health, University of Southern Denmark
2018-2021 PhD in Health Economics, DaCHE, Department of Public Health, University of Southern Denmark
2018 Student Assistant, Odense University Hospital
2014-2018 Teaching Assistant, Department of Business and Economics, University of Southern Denmark
2015-2016 Research Assistant, Econometrics Group, Department of Business and Economics, University of Southern Denmark

Education

2018-2021 PhD in Health Economics, DaCHE, Department of Public Health, University of Southern Denmark
2016-2018 MSc in Economics – Microeconomics, University of Southern Denmark
2017 Internship, Trade Council, The Royal Danish Embassy in Singapore
2016 Exchange semester, Murdoch University, Perth, Australia
2012-2016 BSc in Economics – Socio-economics, University of Southern Denmark

Scientific focus areas

Applying insights from economics to the study of individual health and well-being and decision making in health. Topics of interests include:

- Determinants of individual health (behaviours) and responses to detriments in health.
- Family spillover effects of health detriments and heterogenous responses.
- Predictors of individual well-being.

Methods:

- Surveys linked with individual level register data.
- Quasi-experimental analyses using register data.

Research outputs

Subjective well-being and chronic illnesses: A combined survey and register study

Aaskoven, M. S., Kjær, T. & Gyrd-Hansen, D., 31. Jan 2024, In: International Journal of Wellbeing. 14, 1, 20 p., 2443.

Live longer, work longer? An investigation of the health capacity to work at older ages in Denmark using combined register and survey data

Aaskoven, M. S., Lauridsen, J. T. & Kjær, T., 25. Jan 2024, In: Journal for Labour Market Research. 58, 1, 13 p., 2.

Is there a link between health care utilisation and subjective well-being? An exploratory study among older Danes

Aaskoven, M. S., Kjær, T. & Gyrd-Hansen, D., 2024, (E-pub ahead of print) In: European Journal of Health Economics.

Effects of parental health shocks on children's school achievements: A register-based population study

Aaskoven, M. S., Kjær, T. & Gyrd-Hansen, D., Jan 2022, In: Journal of Health Economics. 81, 102573.

Evaluering af MultifunC

Oxford Research, DEFACTUM & Dansk Center for Sundhedsøkonomi, 2022, Socialstyrelsen. 72 p.

Tracing the societal impact of variations in health: Three empirical contributions

Aaskoven, M. S., Aug 2021, Syddansk Universitet. Det Sundhedsvidenskabelige Fakultet. 121 p.

Effects of parental health shocks on children's school achievements: A register-based population study
Aaskoven, M. S., Kjær, T. & Gyrd-Hansen, D., 2020, 2 ed., Syddansk Universitet, 60 p. (DaCHE Discussion Papers).

Press/Media

Debat: Mere velfærd for pengene - men hvad er velfærd egentligt, og hvordan måler vi det?

Aaskoven, M. S.

29/11/2021

1 Media contribution

Forskere bag nyt studie: Dårlig trivsel påvirker borgernes adgang til praktiserende læger

Aaskoven, M. S.

28/05/2024

1 Media contribution

Forskerklummen: Der er et betydeligt uudnyttet arbejdskraftpotentiale hos ældre

Aaskoven, M. S. & Kjær, T.

21/05/2019

1 Media contribution
