E-mail: vhagelskjaer@health.sdu.dk

Kvalifikationer

Science in Social Sciences in Social Work, Kandidat, Aalborg Universitet
Dimissionsdato: 18. dec. 2013

Sociale problemer, Diplom, CVU Vita
Dimissionsdato: 30. jun. 2004

Ergoterapi, Ergoterapeutuddannelsen i Århus
Dimissionsdato: 30. mar. 1992

Ansættelse

Institut for Sundhedstjenesteforskning

SDU

Odense C

1. nov. 2023 → 31. aug. 2024

Gæsteforsker

Brugerperspektiver og Borgernære Indsatser

SDU

Odense C

1. jun. 2022 → present

Adjunkt

Brugerperspektiver og Borgernære Indsatser

SDU

Odense C

1. nov. 2023 → 31. aug. 2024

PhD studerende

Frederiksberg og Bispebjerg Hospital

Copenhagen, Danmark

1. jan. 2019 → present

Lektor

VIA University College

Holstebro, Danmark

1. jan. 2013 → present

Projekt medarbejder

Hospitalsenheden Vest

Herning, Danmark

1. jan. 2012 → 1. jan. 2013

Projektleder

Aktivitets- og Udviklingscentret

Danmark

1. jan. 2009 → 1. jan. 2011

Faglig leder

1. jan. 2008 → 1. jan. 2011

Projektmedarbejder

Aktivitets

Danmark

1. jan. 2006 → 1. jan. 2009

Ergoterapeut

Aktivitets- og Udviklingscentret

Danmark

1. jan. 1996 → 1. jan. 2006

Ergoterapeut

Hammel Kommune

Danmark

1. jan. 1992 → 1. jan. 1996

Publikationer

Qualitative realist evaluation of an occupational therapy intervention programme (ABLE), addressing ability to perform activities of daily living among persons with chronic conditions

Hagelskjær, V., Wæhrens, E. E., von Bülow, C. & Nielsen, K. T., jan. 2024, (E-pub ahead of print) I: BMC Health Services Research. 24, 1, 9.

Effectiveness of an individualised occupational therapy intervention programme (ABLE) using adaptational strategies on activities of daily living among persons with chronic conditions: A randomised controlled trial (RCT)

Hagelskjær, V., Bülow, C. V., Nielsen, K. T., Henriksen, M. & Wæhrens, E. E., dec. 2023, I: Clinical Rehabilitation. 37, 12, s. 1637-1655

Occupational Science, Occupational Therapy, and community-based Interventions

Thuesen, J., Christensen, J. R., Jessen-Winge, C., Wæhrens, E., Hagelskjær, V., Hansen, M. H. & la Cour, K., 2023.

Effectiveness of the ABLE intervention programme addressing decreased ADL ability: A randomised controlled trial

Hagelskjær, V., von Bülow, C., Nielsen, K. T., Henriksen, M. & Wæhrens, E., 29. aug. 2022.

How and under which circumstances does ABLE 2.0 improve the ADL ability among persons with chronic conditions?

Hagelskjær, V., Nielsen, K. T., von Bülow, C. & Wæhrens, E., 29. aug. 2022.

Ergoterapi til mennesker med kroniske tilstande: Effektevaluering af ABLE programmet

Hagelskjær, V., von Bülow, C., Nielsen, K. T., Henriksen, M. & Wæhrens, E., 1. jun. 2022.

Ergoterapi til mennesker med kroniske tilstande: Procesevaluering af ABLE programmet

Hagelskjær, V., 1. jun. 2022.

Occupational therapy for persons with chronic conditions: Effectiveness and process evaluation of the ABLE programme

Hagelskjær, V., 21. apr. 2022, Syddansk Universitet. Det Sundhedsvidenskabelige Fakultet. 276 s.

Evaluating a complex intervention addressing ability to perform activities of daily living among persons with chronic conditions: Study protocol for a randomised controlled trial (ABLE)

Hagelskjær, V., Nielsen, K. T., von Bulow, C., Oestergaard, L. G., Graff, M. & Wæhrens, E. E., 26. nov. 2021, I: BMJ Open. 11, 11, :e051722.

A theory-driven iterative approach to develop and evaluate the ABLE program: Consecutively modelling program theory on how to enhance ADL

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Graff, M. & Wæhrens, E. E. E., sep. 2021.

Pilot RCT on the ABLE intervention addressing ADL ability among persons with chronic conditions

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Graff, M. & Wæhrens, E. E. E., sep. 2021.

Protocol for a Randomised Controlled Trial: Evaluating the ABLE program

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Østergaard, L. G., Graff, M. & Wæhrens, E. E. E., sep. 2021.

Protocol for Randomized Controlled Trial evaluating the ABLE program, aiming at enhancing the ADL ability among people with chronic conditions

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Østergaard, L. G., Graff, M. & Wæhrens, E. E. E., sep. 2021.

The ABLE intervention program: A randomised controlled pilot study

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Graff, M. & Wæhrens, E. E. E., sep. 2021.

Occupational therapy addressing the ability to perform activities of daily living among persons living with chronic conditions: a randomised controlled pilot study of ABLE 2.0

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Graff, M. & Wæhrens, E. E. E., 11. jun. 2021, I: Pilot and Feasibility Studies. 7, 1, 122.

Canadian Occupational Performance Measure Supported by Talking Mats: An Evaluation of the Clinical Utility

Hagelskjær, V., Krohn, M., Christensen, P. & Christensen, J. R., 23. jan. 2019, I: Occupational Therapy International. 2019, 11 s., 9367315.

Protocol for a Randomized Controlled Trial evaluating the ABLE program, aiming at enhancing the ADL ability among people living with chronic conditions

Hagelskjær, V., Nielsen, K. T., von Bülow, C., Østergaard, L. G., Graff, M. & Wæhrens, E. E. E., 2019.

Promoting the client-centered approach to adults with communication and cognition deficits following brain injury, using Talking Mats (TM) as a supportive method in the Canadian Occupational Performance Measure (COPM): A process evaluation using video-material and focus group

Hagelskjær, V., Krohn, M., Christensen, P. & Christensen, J. R., 6. nov. 2018.

COPM supported by Talking Mats – participate without spoken words

Hagelskjær, V., Krohn, M., Christensen, P. & Christensen, J. R., 22. maj 2018.

COPM supported by Talking Mats – participate without spoken words

Hagelskjær, V., Krohn, M., Christensen, P. & Christensen, J. R., 21. maj 2018.
