Publikationer

Akimov V, Olsen LCB, Hansen SVF, Barrio-Hernandez I, Puglia M, Jensen SS et al. **StUbEx PLUS-A Modified Stable Tagged Ubiquitin Exchange System for Peptide Level Purification and In-Depth Mapping of Ubiquitination Sites**. Journal of Proteome Research. 2018;17(1):296-304. doi: 10.1021/acs.jproteome.7b00566

El-Houri RB, Kotowska D, Olsen LCB, Bhattacharya S, Christensen LP, Grevsen K et al. **Screening for bioactive metabolites in plant extracts modulating glucose uptake and fat accumulation**. Evidence-Based Complementary and Alternative Medicine. 2014;2014:156398. Article ID 156398. doi: 10.1155/2014/156398

Bhattacharya S, Christensen KB, Olsen LCB, Christensen LP, Grevsen K, Færgeman NJ et al. **Bioactive components from flowers of *Sambucus nigra* L. increase glucose uptake in primary porcine myotube cultures and reduce fat accumulation in *Caenorhabditis elegans***. Journal of Agricultural and Food Chemistry. 2013;61(46):11033-11040. doi: 10.1021/jf402838a

Olsen LCB, Færgeman NJ. **Chemical Genomics and Emerging DNA Technologies in the Identification of Drug Mechanisms and Drug Targets**. Current Topics in Medicinal Chemistry. 2012;12(12):1331-1345.

Elmelund-Præstekær LCB. **Identification of novel biomolecules and their molecular targets which regulate lipid homeostasis in eukaryotes**. Syddansk Universitet. Det Naturvidenskabelige Fakultet, 2012.

El-Houri RB, Christensen KB, Kotowska DE, Elmelund-Præstekær LCB, Bhattacharya S, Fretté X et al. **Screening of plant extracts for potential effects on the metabolic syndrome**. Planta Medica. 2012;78(11):1206-1206. PI276. doi: 10.1055/s-0032-1320963

Elmelund-Præstekær LCB, Nielsen J, Kristiansen K, Færgeman NJ. **Pharmacological identification of novel regulators of fat storage in *C. elegans***. 2011.

Svensson E, Olsen LCB, Mörck C, Brackmann C, Enejder A, Færgeman NJ et al. **The adiponectin receptor homologs in *C. elegans* promote energy utilization and homeostasis**. PLOS ONE. 2011;6(6):e21343. doi: 10.1371/journal.pone.0021343

Elle IC, Simonsen KT, Olsen LCB, Birck PK, Ehmsen S, Tuck S et al. **Tissue- and paralogue-specific functions of acyl-CoA-binding proteins in lipid metabolism in *C. elegans***. Biochemical Journal. 2011;437:231-241. doi: 10.1042/BJ20102099

Elmelund-Præstekær LCB, Fogtmann T, Nielsen J, Kristiansen K, Færgeman NJ. **What does not kill you outright might make you stronger - Investigation of the effect of a novel biomolecule on fat storage in *C. elegans***. 2011. Poster session præsenteret ved *C. elegans* Nordforsk Conference, Göteborg, Sverige.

Elle IC, Olsen LCB, Pultz D, Rødkaer SV, Færgeman NJ. **Something worth dyeing for: molecular tools for the dissection of lipid metabolism in *Caenorhabditis elegans***. FEBS Letters. 2010 jun. 3;584(11):2183-93. doi: 10.1016/j.febslet.2010.03.046

Christensen KB, Kotowska D, Bhattacharya S, Elmelund-Præstekær LCB, Fretté X, Færgeman NJ et al. **Beneficial effects of carrots (*Daucus carota* L.) on adipocyte differentiation, glucose uptake, and fat accumulation**. Planta Medica. 2010;76(12):1355-1355. P632. doi: 10.1055/s-0030-1264930

Christensen KB, Elmelund-Præstekær LCB, Kotowska DE, Bhattacharya S, Fretté X, Færgeman NJ et al. **Elderflowers (*Sambucus nigra* L.) have a significant impact on cellular mechanisms related to lipid storage and insulin resistance.** *Planta Medica*. 2010;76(12):1355-1355. P633. doi: 10.1055/s-0030-1264931

Mörck C, Elmelund-Præstekær LCB, Kurth C, Persson A, Storm NJ, Svensson E et al. **Statins inhibit protein lipidation and induce the unfolded protein response in the non-sterol producing nematode *Caenorhabditis elegans*.** *PNAS*. 2009 okt. 27;106(43):18285-18290. doi: 10.1073/pnas.0907117106

Elmelund-Præstekær LCB, Hansen NJS, Pilon M, Færgeman NJ. **Inhibition of HMG-CoA reductase induces the UPR pathway in *C. elegans*.** 2009. Poster session præsenteret ved Keystone Symposia: Molecular and Cellular Biology, USA.
