1. Current Teaching: University of Southern Denmark

Medicinal Chemistry B, KE828

2018-present

MSc students

5 ECTS

Lectures and tutorials

Lecturing, leading tutorials, preparing E-tests, preparing exams, evaluating exams.

Bioorganic Chemistry, KE546

2020-present

BSc students

5 ECTS

Lectures and tutorials

Lecturing, leading tutorials, preparing assignments, preparing exams, evaluating exams.

2. Former Teaching: Radboud University

Organic Chemistry, MOL095

2012-2018

3rd year BSc students

6 ECTS

Lectures and tutorials

Lecturing, leading tutorials, preparing multiple-choice tests, preparing exams, correcting exams.

Chemical Biology, MOL401

2012-2018

MSc students

3 ECTS

Lectures

Lecturing, evaluating presentations, preparing exams, correcting exams.

Advanced Organic Synthesis, SM302

2013-2018

MSc students

3 ECTS

Lectures and tutorials

Lecturing, leading tutorials, evaluating presentations, preparing exams, correcting exams.

Stereoselective Synthesis, MOL093

2017-2018

3rd year BSc students

3 ECTS

Lectures and tutorials

Lecturing, leading tutorials, preparing exams, correcting exams.

Protein Modification, MOL411

2013-2017

MSc students

3 ECTS

Lectures and tutorials

Lecturing, leading tutorials, evaluating presentations, correcting proposal exams.

Systems Biology, BM041B
2013-2018
MSc students
3 ECTS
Lecture
Lecturing, preparing exams, correcting exams.

NCMLS/RIMLS Graduate Course
2012-2016
PhD students
Lecture
Lecturing

3. Certificates
University Teaching Certificate, 2017

4. Supervision of Students
3 Postdoctoral fellows
10 PhD students
26 MSc students
35 BSc students
