Education

2010 Ph.d. University of Southern Denmark

2007-2010: Various research visits at Centre for Health Economics, University of York

2001 Visiting Research Student, London School of Economics.

1999 Cand.polit., University of Copenhagen.

1997 Nordplus exchange student Socialøkonomisk Institut, University of Oslo.

Research areas and selected publications

I have a broad research portfolio within the areas of health economics and applied econometrics. However, my main research area is concerned with the association between patient characteristics on the behaviour and performance of General Practitioners. Below is a selected list of publications.

- 1.Olsen KR. Patient complexity and GPS' income under mixed remuneration. *Health Econ.* 2012, Jun; 21 (6): 619–756
- 2.Olsen KR; Gyrd-Hansen, Dorte ; Sørensen, Torben Højmark ; Kristensen, Troels ; Vedsted, Peter ; Street, Andrew. Organisational determinants of production and efficiency in general practice: a population-based study. *Eur J of Health Econ.* 2013 vol 14, nr. 2, p. 267-276.
- 3.Laudicella M, Olsen KR, Street A. Examining cost variation across hospital departments-a two-stage multi-level approach using patient-level data. *Soc Sci Med.* 2010 Nov;71(10):1872-81.
- 4.Sørensen, T. H. ; Olsen, KR ; Vedsted, Peter. Association between general practice referral rates and patients' socioeconomic status and access to specialised health care: A population-based nationwide study. *Health Policy* , Vol. 92, Nr. 2-3, 2009, s. 180-186.
- 5.Olsen KR, Street A. The analysis of efficiency among a small number of organisations: how inferences can be improved by exploiting patient-level data. *Health Econ.* 2008 Jun;17(6):671-81.
