## **Formel pædagogisk uddannelse**

I have participated in communication and teaching courses, and currently I'm enrolled in the Lecturer Training Program.

## **Uddannelsesadministrative opgaver**

I have been a part of the planning of Summer school in Neuroscience for five years (2012, 2014, 2015, 2016 and 2017). In 2016 I participated in planning "Psykiatriens forskningsdag" in Region of Southern Denmark.

I have planned and completed the course B11, Child and adolescence psychiatry at Psychology BSc (2016 and 2017). I hold the responsibility for the course "Developmental Psychology incl. qualitative methods" at BSc, Psychology (2017)

## **Erfaring med undervisning, vejledning og eksamen**

I have a great number of oral presentation, lectures and other forms of communications in a number of different settings.

Supervision (all at SDU):

Supervisor, Medical student at MSc level (2014)

Supervisor, approx. 50 psychology students BSc level (2015-2017)

Supervisor, four psychology student at MSc level (2016)

## **Metoder, materialer og redskaber**

My teaching is based on scientific literature and I aim to support the learning outcomes by adding stories from clinical experiences, case histories and - work, psychological tests and small videos. I use Flipped learning, online discussions boards and wiki's.

## **Uddannelsesudvikling og universitetspædagogisk (følge)forskning, herunder pædagogiske priser**

Lecturer Training Program 2016/2017.
