Experience of study programmes, supervision and examination

All aspects of the University education were done since 2002 at the University of Bielefeld in Germany and at the Syddansk Universitet in Danmark. Particular methodological aspects (statistic and epidemiology) in Public Health are taught in Bachelor of Science in Health Communication and Public health (BSc), Master of Science in Public Health (MSc), Master of Science in Epidemiology (MSE) and postgraduate PhD studies (DrPH). In total more than 50 master theses and 15 bachelor theses were supervised.

Additional responsibility in

2002 BSc 2nd semester: Introduction in biostatistics, epidemiology and demography

2004 BSc 3rd semester: Methods in demography and epidemiology

2004 BSc 4th semester: Health reporting

2005 BSc 5th semester: Practical work: Implementation of a project

2010 BSc 5th semester: Advanced biostatistics

2003 BSc 6th semester: Bachelor colloquium

2011 MSc Bridging course: Introduction in epidemiology and biostatistics

2005 MSc 1st semester: Introduction in epidemiology and biostatistics

2010 MSc 1st semester: Applied biostatistics

2007 MSc 2nd semester: Methods in epidemiology and biostatistics

2008 MSc 2nd semester: Advanced method in epidemiology

2005 MSc 3rd semester: Specific aspects in Epidemiology

2015 MSc 2nd semester: Risk theory assessment and governance

2004 MSc 4th semester: Master colloquium

2006 MSE 1st semester: Introduction in Epidemiological method

2007 MSE 3rd semester: Nutritional Epidemiology

2008 DrPH: Methods

Methods, materials and tools

- Problem based learning

- Online experience

- Group Work

- Interactive blackboard

Educational development and applied research into teaching at university, including educational awards

2010-2011 Developing an distance learning program about Introduction in Epidemiology for Master of Health administration at University of Bielefeld

2013 Developing an online learning program about Introduction in Epidemiology for a Bridging course for Master of Science in Public Health at the University of Southern Denmark

2014 Developing an online learning program about Introduction in Biostatistics for a Bridging course for Master of Science in Public Health at the University of Southern Denmark
