Teaching portfolio

Experience with teaching, supervision and examination

- 2019 FY803: Quantum physics, Master's level course approved as PhD course, 5 ECTS
- 2018 Heidelberg University: Quantum field theory on curved backgrounds, master's level course, 2 ECTS
- 2018 Heidelberg University: Black holes, master's level course, 6 ECTS
- 2017 Heidelberg University: Seminar on advanced quantum mechanics, 2 ECTS
- 2016 Heidelberg University: Quantum gravity and the Renormalization Group, master's level course, 4 ECTS

Educational awards

- 2018 Teaching prize of the faculty for physics and astronomy at Heidelberg University
