Experience in teaching, supervision and exams:

Teaching

Instructor in anatomy and histology at Odense University, 1992-97 totaling 300 hours

Epidemiology / Research Method: From 2001 to 2009 I taught research method both as class instruction and as exercises for medical students and radiograph students. Furthermore, I have taught master's courses in rehabilitation and gerontology, SDU, as well as postgraduate courses for instructors at medium-cycle higher health educations offered by SDU. In the courses in which I participated in the evaluation, this was mainly done by the students' written preparation of draft research protocol and an oral review of this or by an essay assignment. A total of 390 hours.

Clinical associate professor (Rate B Associate Professor) in Haematology, Department of Clinical Research, University of Southern Denmark, from March, 2008 to September, 2009 with the main teaching function in blocks of the master's programme in medicine, including teaching lectures, classes, moderator of group work at 7th and 12th/13th semester. Approximately 150 instruction hours per year.

Clinical associate professor (Rate C associate professor) in haematology, Department of Clinical Research, University of Southern Denmark, from 2012 to present with main educational function in blocks of master's programme in medicine, including teaching lectures, classes, moderator of group work, at 7th and 12th/13th semester. Approximately 100 instruction hours per year.

Postgraduate teaching

As resident/specialist, participated in postgraduate teaching of junior doctors from 1997 in internal medicine /haematology at lectures/symposia/theme days.

Other:

Interdisciplinary training of nursing staff.

Lecturer/instructor at several meetings of the Danish Hemophilia Association.

Examination:

Participated in the preparation of written MC exam in the module "diseases of blood and blood forming organs" by the medical faculty, University of Southern Denmark, from 2008-09 as and since 2012.

Participated in the preparation of questions for and execution of the OSCE exam (baccalaureate) in haematology at the Faculty of Medicine, University of Southern Denmark, from 2008-09 and since 2012.

Supervisor:

Medical students

Supervisor and examiner on the study start assignment for four groups of each 6-8 medical students, a total of 20 hours, 2002

Co-supervisor, medical student Frank Andersen, Immersion paper, 2003 – 2004

Principal supervisor, medical student Emelie Rotbain, Research Year Student with the Project: "The data quality of splenomegaly ICD-10 diagnosed in a population-based hospital discharge registry" from February 1, 2015

PhD supervisor

Co-supervisor, PhD student, MD Sif Gudbrandsdottir. "Platelets in Immune Homeostasis and Autoimmune Disease: Efficacy of the Novel Therapies Rituximab and Thrombopoietin-Receptor Agonists in Primary Immune Thrombocytopenia and Studies on Immunoregulation by Platelets" Defense 29/1/2014, University of Copenhagen

Principal supervisor, PhD student, MD Sarah Farmer, " Bone structure among patients with chronic myeloid neoplasia" SDU since 2012

Methods, materials and tools:

Lectures, moderation of group work, bedside teaching.

Author and consultant in the preparation of patient information and patient manual for the Danish Hemophilia Association, 2014

Wrote chapter on haematology for textbook in internal medicine:

"Medicine", 1st edition 2012

Education development and university pedagogical research, including pedagogical awards

Participated in the interview panel for quota 2 applicants at the Medical School, University of Southern Denmark 2001-03.
